

EasyPro Change Machine

Compact and versatile reliable change machine.

The reinforced closing mechanisms and the anti-theft protection devices make the EasyPro one of the most secure change machines on the market.

Fits perfectly into all environments where space is limited.

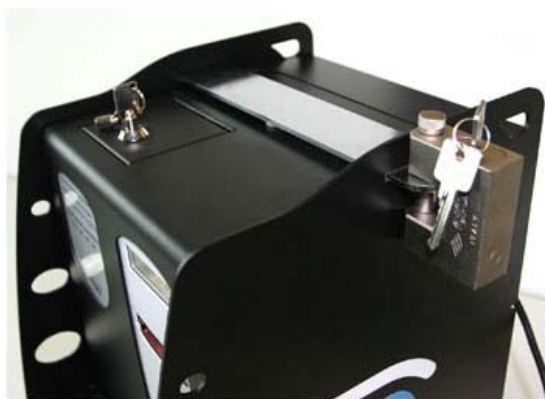

Accounting data exported via SD card and read on any PC.

Features:

- Connection of peripherals via ccTalk
- Dispenses coins or tokens - 1 universal type hopper with extension
- Bonus function for tokens
- Coins / tokens dispensed automatically or manually
- Exporting of accounting data and importing of configuration parameters via SD-Card
- LCD graphic display
- Special cover for the dispenser's extension: prevents coins from falling out in the event that the machine is tipped over.
- Wide range of installation options: wall mounted (with optional EasyPro Kit), countertop, wall mounted by means of 3 anchoring bolts to be inserted at the back of the device, free standing on special base (base is optional extra)
- Holes in the cabinet for fastening the unit to other machines or to external structures such as columns or pillars.
- Internal on/off controls to prevent tampering
- Pivoting door to facilitate dispenser loading and cash box removal operations
- Tempered steel protection bars
- Available with or without a coin mechanism
- Available with an NV10 or NV9 banknote reader
- Dimensions: without the base 257 (L) x 473 (H) x 353 (W) mm - with the base 1,435 (H)
- Weight: without the base 25kg and 38kg with the base
- Coin capacity approximately \$2000 in \$1 coins
